

The logo for the Miss Eagle Lake Pageant 2007 is centered on a light green background with a darker green border. The text is rendered in a stylized, cursive font with a slight 3D effect. The words "Miss", "Eagle", and "Lake" are stacked vertically in a large, flowing script. "Pageant" and "2007" are positioned to the right of "Lake" in a simpler, sans-serif font. The background features faint, larger-scale silhouettes of a person in a swimsuit and a person in a cheerleader outfit.

Emily thinks it's cool to live in Eagle Lake because "you can walk around and not be afraid of getting kidnapped. It's peaceful and everyone is so nice." Her prediction for the future for Eagle Lake is that Eagle Lake, Mankato, and North Mankato are all going to become one enormous city.

When asked why she wanted to be Miss Eagle Lake, she stated, "I want to show support and get involved in the community. I really like living here and I also want to meet people and get to know them."

To Rhonda Cannata, our Guest Speaker

Rhonda is a strong advocate of a "greener" earth and safer world...not only for the here and now, but also for the future.

Rhonda and Tony Cannata, currently live in Eagle Lake with their four children: Erica (17), Michael (17), Evan (4) and Hope (3). They are marketing directors with an international wellness company which manufactures environmentally safe, health-conscious consumable products.

Being a resident in a small town such as Eagle Lake, it's hard to see how "BIG" and "GREEN" we can be. It's difficult to believe we can actually make a difference.

Thank you, Rhonda, for speaking tonight and sharing your love for this earth and the people in it. Thank you for letting us understand that just "a little" can mean a lot. Thank you for provoking us all to make "greener" choices.
